## Experience

---

### Hackathon | Mumbai, Maharashtra

#### React JS Developer | 12/2023 - 12/2023

- I've made a change by building a WebApp "**JobHunt**" for job recruiters and employers just in 24 hour hackathon which had multiple functionalities
- One of the major functionality was that employers can check if they're eligible for by adding there skills in it and check it
- Recruiters can add the jobs and also can remove it [website](#)

### OpenSauced

#### Open Source Contributor | 10/2023 - Present

- Contributed to **Open Sauced Docs** repository who has the access of whole documentation of **openSauced.com**
- Contributed to another starter up Repos of **Open sauced** and also caught the maintainers eye.
- Done Code Reviews of Pull Requests which was made to **opensauced** open source Repository
- Participated in Discussions of Code review's

### HacktoberFest'23

#### Open Source Developer | 10/2023 - 10/2023

- Actively contributed to open-source projects.
- Conducted code reviews to foster collaboration.
- Engaged with the community through forums and discussions.
- Completed 6 impactful pull requests during Hacktoberfest '23.
- Received Appwrite Cloud Access, TreeNation, ILLA Cloud, MLH and Appwrite
